Conscious Care.

**ALIMENTA SIMPLE****Tamper-resistant bait box****Characteristics**

Compact-shape tamper-resistant bait box for horizontal positioning. Ideal to be placed along internal and external perimeters of buildings and inside warehouses, under Epal pallets. The box is equipped with two vertical supports inside to fix perforated wax blocks and pasta baits.

Wall-fixing, if required, can be done by means of common screws.

The box can easily be opened and inspected even when it is fixed to the wall.

Dimensions: cm 21 x 16 x 10 height

**Packages**

Alimenta Simple is available in 34-unit cartons, with 34 keys.
